SUBJECT : SEAMEO INNOTECH'S 14TH INTERNATIONAL CONFERENCE: *A BETTER FUTURE FOR ALL LEARNERS OF SOUTHEAST ASIA*

The Southeast Asian Ministers of Education Organization Regional Center for Educational Innovation and Technology (SEAMEO INNOTECH) is organizing the 14th International Conference with the theme: *A Better Future for All Learners of Southeast Asia* on 8-9 December 2015 at SEAMEO INNOTECH, Diliman, Quezon City, Metro Manila.

Since 1987, SEAMEO INNOTECH has convened its biennial International Conference as a platform for exchanging ideas, networking, and sharing good practices among education stakeholders. This year, the 14th SEAMEO INNOTECH International Conference will give opportunity for the youth, policy makers, practitioners, and other stakeholders to come together in dialogue. The intensive discussions of the two-day event will yield innovative and practical inputs for the development of the post-2015 agenda for education in the region. The youth is the principal stakeholder in the emergent education and learning landscape. It is essential for their voice to be heard by the policy-makers amid competing interests and concerns.

The conference is aimed at promoting, identifying and helping solve common problems as well as anticipate education development needs in the region. It will culminate in a collective planning process to come up with a Southeast Asian young people's education agenda.

In view of the foregoing, SEAMEO INNOTECH is inviting interested participants, age 15 years and above, to the conference. For further information on the matter, you may directly coordinate with the organizer through the telephone number (+632) 9247681 -84 or electronic mail address conference@seameo-innotech.org.

Thank you very much.
